

The Hare & Bramble

The Hare & Bramble, situated in Langham's Vineyard Café, is a café that prides itself on sourcing the very best Dorset seasonal produce to create their ever changing small plates of food, sandwiches and cakes. The ethos is to provide a relaxed, informal dining experience where clients can enjoy a coffee and conversation or indulge in several plates of food complemented by Langham's sparkling wine. Alongside the day to day running of The Hare & Bramble we aim to provide evening experiences for our guests to enjoy throughout the year. Whether this is a seasonal four-course dinner accompanied by a selection of canapés or Friday Fizz evenings where you can enjoy a selection of small plates and a glass of wine. The vision is simple, to create an atmosphere and food experience that is unlike any other café in Dorset. Our talented chefs & experienced front of house team will be on hand to ensure everyone is well looked after, fed and wined during their time in the café.
